

ACWA

A PARTNERSHIP FOR SAFE CHEMICAL WEAPONS DESTRUCTION

ASSEMBLED CHEMICAL WEAPONS ALTERNATIVES

Since 1997, ACWA has served at the core of a partnership between the Department of Defense and local communities to destroy the chemical weapons stockpiles in Colorado and Kentucky. Together, we work to safely and efficiently eliminate these weapons and make the world a safer place for generations to come.

“Our team is committed to eliminating the chemical weapons stored in Colorado and Kentucky. We view this program not as a job, but as a duty to our country.”
