PUBLIC NOTICE May 15, 2016

Pueblo Chemical Depot  
Pueblo Chemical Agent-Destruction Pilot Plant  
Hazardous Waste Research, Development and Demonstration Permit  
Draft Class 3 Permit Modifications:  
Modification #74 Addition of Munitions Bodies Storage Area and H-block Igloo Storage  
Modification #77 Dunnage Storage Area and Waste Laydown Yard

Each of these modifications:

1. Increases storage capabilities for solid and/or hazardous wastes generated from the destruction of mustard agent contained in assembled munitions stored at Pueblo Chemical Depot as hazardous waste management activities proceed.
  2. Adds contingency, preparedness and prevention, and inspection permit conditions to facilitate protection of human health and the environment during operation of these container storage areas.
- No hazardous waste management activities will be allowed at PCAPP with this modification
