# Connect with the Blue Grass Chemical Agent-Destruction Pilot Plant

## SPEAKERS BUREAU

If your community group would like a presentation about the plant destroying the chemical weapons stockpile stored at the Blue Grass Army Depot, contact the Blue Grass Chemical Stockpile Outreach Office at [bgoutreach@iem.com](mailto:bgoutreach@iem.com) or (859) 626-8944.

A standard Speakers Bureau presentation runs about 20 minutes, with time afterward for questions and answers, and includes an

information packet for each attendee. Delivered by Blue Grass Chemical Agent-Destruction Pilot Plant (BGCAPP) management or their representatives, the presentations cover technology, safety, schedule, plant progress and reuse topics and often provide a glimpse into the plant's inner workings through an informational video.

## VIDEOS

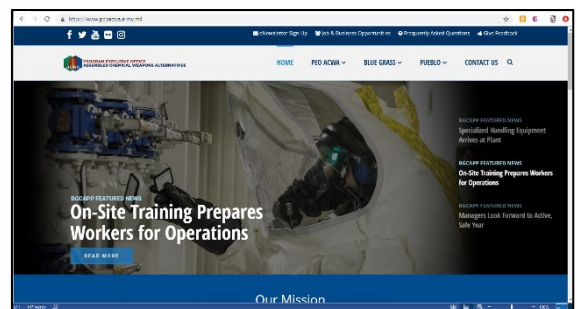

Project videos can be found on the Program Executive Office, Assembled Chemical Weapons Alternatives (PEO ACWA) YouTube site, which includes a BGCAPP playlist.
