HAZARDOUS WASTE PERMIT MODIFICATION REQUEST

**Pueblo Chemical Agent-Destruction Pilot Plant
Research, Development and Demonstration Permit
#CO-04-07-01-01**

U.S. Army Pueblo Chemical Depot
45825 Highway 96 East, Pueblo, Colorado 81006-9330

**What is the
purpose of this
permit
modification
request?**

The U.S. Army and its contractor, Bechtel National, Inc., operate the Pueblo Chemical Agent-Destruction Pilot Plant (PCAPP) that is currently destroying munitions containing mustard agent stored at the Pueblo Chemical Depot (PCD). The Colorado Department of Public Health and Environment issued the Research, Development, and Demonstration Permit on July 1, 2004.

The Army and Bechtel are applying for the following Class 2 permit modification:

Modification No. 271, Waste Analysis Plan Tables D-6-1 and D-8-1 and SOP-B24-W0003 PCN 019-00033, Air Filtration Area Pre-filters to Supplemental Decontamination Unit:

This modification proposes to add the following to Table D-6-1 of Permit Attachment D, Waste Analysis Plan as an acceptable material to be treated in the Supplemental Decontamination Unit:

Line Item 2: Pre-filter, High-Efficiency Particulate Air filter material, and filter frame (polystyrene) and filter gasket (polyethylene)

The pre-filters are generated through filter bank changeouts at the Air Filtration Area. Those filters that have readings above 117 Vapor Screening Level for mustard agent, must be treated down to an acceptable level for Treatment, Storage and Disposal Facility waste acceptance criteria and make more amenable for transport.

This modification will also require updating Table D-8-1 of the Waste Analysis Plan by adding Procedure Change Notice 019-00033 to the revision for the procedure Secondary Waste Processing, 24852-SOP-B24-W0003 as it will be modified with the same change.

The modification request can be found at <https://www.colorado.gov/pacific/cdphe/pcapp>.

**When is the public
meeting?**

A public meeting to discuss this permit modification request will be held in Pueblo at the Pueblo Chemical Stockpile Outreach Office, 104 W. B Street, Pueblo, CO 81003, at 4:30 p.m. on May 7, 2019.
