

PUBLIC NOTICE

HAZARDOUS WASTE PERMIT MODIFICATION REQUEST

**Pueblo Chemical Agent-Destruction Pilot Plant
Research, Development and Demonstration Permit
#CO-04-07-01-01**

U.S. Army Pueblo Chemical Depot
45825 Highway 96 East, Pueblo, Colorado 81006-9330

<p>What is the purpose of this permit modification request?</p>	<p>The U.S. Army and its contractor, Bechtel National, Inc., operate the Pueblo Chemical Agent-Destruction Pilot Plant (PCAPP) that is currently destroying munitions containing mustard agent stored at the Pueblo Chemical Depot (PCD). The Colorado Department of Public Health and Environment issued the Research, Development, and Demonstration Permit on July 1, 2004.</p> <p>The Army and Bechtel are applying for the following Class 2 permit modification:</p> <p>Modification #170, Add Suction Locations for Bioreactor Transfer Pumps: This Permit Modification requests authorization to add a second outlet from each 30-Day Storage Tank and the connecting piping to the inlet of the corresponding Bioreactor Transfer Pumps. The second outlet is at a higher elevation than the current outlet to allow solids to accumulate in the 30-Day Storage Tanks. Allowing the solids to accumulate in the 30-Day Storage Tanks will prevent plugging in downstream equipment and pipes. The modification also requests changes to the permit Attachment L, Operations Plan, Agent Collection and Neutralization System Compliance Table (B04) – 10.16.2015 to align the 30-Day Storage Tank low level alarm values with the values proposed in Document Change Notice (DCN) 24852-RD-M6N-B04-M0087, Addition of New, Elevated Pump Suction Lines at 30-Day Storage Tanks (PCP # 24852-PCP-B04-00014).</p>
<p>When is the public meeting?</p>	<p>A public meeting to discuss this permit modification request will be held in Pueblo at the District Attorney's office, 701 Court Street (1st floor conference room), at 2:00 p.m. on September 27, 2017.</p>
