Resource Conservation and Recovery Act (RCRA)  
Class 3 Hazardous Waste Permit Modification Request  
Temporary Authorization Request

**Background:** In support of the operation of the Blue Grass Chemical Agent-Destruction Pilot Plant (BGCAPP) Explosive Destruction Technology (EDT), a Resource Conservation and Recovery Act (RCRA) Class 3 Hazardous Waste Permit Modification Request, Additional Permitted Storage in the Explosive Destruction Technology Enclosure Building (EEB) for the BGCAPP at Blue Grass Army Depot (BGAD), Richmond, Kentucky, will be submitted to the Kentucky Department for Environmental Protection (KDEP) for review and approval. A Temporary Authorization Request (TAR) is being submitted to allow additional permitted storage of hazardous waste at the EEB in full compliance with the requirements of 401 Kentucky Administrative Regulations (KAR) 39:090 and 40 Code of Federal Regulations (CFR) 264 Subpart I and the specific requirements included in the permit modification request.

**Temporary Authorization Request:** On January 6, 2020, BGAD (the facility “owner”) and the systems contractor, Bechtel Parsons Blue Grass (BPBG) (the facility “Operator”), submitted a TAR to KDEP. This submittal is in accordance with the provisions of RCRA to allow additional permitted storage of hazardous waste at the EEB until the Class 3 RCRA Permit Modification to add the additional permitted storage is reviewed and approved by KDEP.
