Resource Conservation and Recovery Act (RCRA) Class 3 Hazardous Waste Permit Modification Request
Temporary Authorization Request

Background: In support of the operation of the Blue Grass Chemical Agent-Destruction Pilot Plant (BGCAPP) Explosive Destruction Technology and Main Plant facilities, a Resource Conservation and Recovery Act (RCRA) Class 3 Hazardous Waste Permit Modification Request, Addition of a Container Storage Facility (CSF) for the BGCAPP at Blue Grass Army Depot (BGAD), Richmond, Kentucky, has been submitted to the Kentucky Department for Environmental Protection (KDEP) for review and approval. A Temporary Authorization Request (TAR) is being submitted to allow construction, installation and testing of monitoring and filtration systems associated with the CSF identified in the permit modification request.

Temporary Authorization Request: On August 1, 2019, BGAD (the facility “owner”) and the systems contractor, Bechtel Parsons Blue Grass (BPBG) (the facility “Operator”), submitted a TAR to KDEP. This submittal is in accordance with the provisions of RCRA to allow construction, installation and testing of monitoring and filtration systems at the CSF while the Class 3 RCRA Permit Modification to add a Container Storage Facility continues to be reviewed by KDEP.
